Custom Sizes

Curtains are available in lead equivalences of 0.25mm, 0.5mm, 0.75mm, and 1.0mm.

You can specify any custom height and width for your curtains. Curtains wider than 4ft will be manufactured in multiple panels, with overlapping flaps secured with heavy-duty hook and loop strips.

Custom Tracks

Our heavy-duty tracks are available in custom formats. We can provide straight and curved configurations to shield walls, doors, or completely encircle your equipment.

Custom Colors

Our curtains are constructed with durable, easy to clean nylon. 18 colors are available.
